Dear Blanche,

I am inclosing a chart re the Champion line which is underlined. I have the record back to the 1st Edward Champion. Do you have his record as to his parentage in England & did he marry Priscilla Moore?

I have the record with proof of court records.

How about the Williams family, what record do you have as to their ancestors. Benj. Champion, son of Edward, married Elizabeth Williams, dau. of Charles & Eliz(——) Williams?

Where can I find this Williams ancestry & the father & mother of Edward Champion?

I hope to see you soon.

Sincerely yours,
Hugh Watson

(over)

P.S. Please note the query on Billups - Fauntleroy etc families in Fri., Jan. 14th 1955, issue of The Va. Gazette; these are my lines (or our lines, meaning mother's). This missing parentage of Augustine Billups of Dinwiddie (records destroyed) makes the searching a little difficult — but hope to complete it.
